

EGIS Benefits

- Help ensure doctor/healthcare appointments and instructions are followed
- Improve senior mental health and well being
- Can increase social interaction
- Help prevent isolation and loneliness
- Keep “Loved One” in a familiar environment
- Maintains safety and independence
- Offers family members peace of mind
- Craft individualized care plans
- Family members can plan quality time with “Loved Ones” while EGIS handles daily challenges

“I want you to know that I truly believe you and your staff have saved my parents’ lives. On behalf of my entire family and all our friends – we say – THANK YOU! We are so blessed to have you and your staff in our home.”
-EGIS Client

“You performed no less than a miracle in lining up round-the-clock caregivers as W’s condition deteriorated rapidly – and during the Holiday Season to boot. Your caregivers were all of the highest caliber in skill, experience and gentle personality.”
-EGIS Client

“Living far away from my parents, it’s a relief to have EGIS managing things for me; it gives me great peace of mind.”
-EGIS Client

**We provide a better way to care
for the people you love**

EGIS Commitment

At EGIS, we believe that every detail of caring for you or your loved one matters. We help make sense of all the challenges elders face as they age in place --- in any place they call home. We are an eldercare company that advocates for you or your loved one's physical, mental, and emotional needs. EGIS provides a better way to care for the people you love.

We help preserve independence, promote healthful practices, maintain safety, all to enrich our client's quality of life. Initially, an EGIS Care Manager will meet with you for a confidential, in-depth assessment related to you or your loved one's needs and wishes. Your Care Manager will help develop schedules and always be available to discuss changing needs.

EGIS Home Care

Our daily goal is improving each senior's quality of life while maintaining their independence. We provide the following services, either part-time or around-the-clock, to meet that goal:

- Bathing
- Dressing
- Meal Preparation
- Assist with Feeding
- Mobility
- Toileting
- Transferring
- Companionship
- Shopping
- Errands
- Light Housekeeping
- Laundry
- Medication Reminders
- Transportation

EGIS Eldercare Management

- Assist with long-term care insurance
- Conduct assessment and care plans
- Help with community living options
- Consultation/solutions to improve safety/accessibility in the home
- Arrange homecare after hospital and/or rehab stays
- Advocate/communicate for the client
- Serve as medical power of attorney
- Coordinate financial power of attorney
- Assist with identifying community resources
- Create emergency management plan if needed
- Offer key decision-making support for family members
